

Active Times Table

Homework 6x, 7x, 8x

Practise the 6x, 7x and 8x tables by doing
“Karate Maths”.

One player option = Stand with your feet shoulder width apart and say your times table facts. Punch the air in front of you as you say each answer.

Two player option = A parent or a partner of your choice shouts a times table question while punching the air and you reply with the answer as you punch.

Remember if it's a division fact then you can kick your answer.

Challenge – Ask your adults to post to the Links SSP Twitter page @LinksSSP and @movemoresheffield using #LinksActiveHomework
