

## Active Times Table

### Homework 9x, 11x, 12x

Practise the 9x, 11x and 12x tables by using a tennis ball.

**One player** option = Say a times table question and bounce the ball. You then need to say the answer before catching the ball.

**Two player** option = A parent or a partner of your choice shouts a times table question and bounces the ball to you. You need to say the answer before you're allowed to catch the ball.

**Challenge** – Ask your adults to post to the Links SSP Twitter page @LinksSSP and @movemoresheffield using #LinksActiveHomework
